EDUCATION

| | | |
|-----------------|--|----------------|
| 2022 - Pursuing | B-Tech (CSE-AIML) Technocrats Institute of Technology | CGPA : 8.34 |
| 2020 - 2022 | XII (Bihar Board) S.B High School Dhanao, Saran ,Bihar | Percent : 61.8 |
| 2019 - 2020 | X (Bihar Board) S.B High School Dhanao, Saran ,Bihar | Percent : 73.6 |

TECHNICAL SKILLS

- Java
- Python
- MySQL
- HTML
- CSS
- JavaScript
- OOPS
- Bootstrap
- DSA

SOFT SKILLS

- Decision - Making
- Teamwork
- Leadership

PROJECTS

- **Deep Fake and Voice Clone Detection**

Designed and developed an AI-based application to detect deepfake videos, images, and voice clones in real time, preventing misinformation and identity fraud. Used CNNs for video frame analysis and RNNs with spectrograms for voice clone detection. Integrated OpenCV for live webcam support and Django REST API for user interaction. Optimized for GPU acceleration to achieve low-latency processing.

- **Restaurant Earnings Analysis Dashboard**

Built a web-based analytics tool to visualize and analyze restaurant earnings based on location, pricing, and customer bookings. Designed a responsive frontend with HTML, CSS, and JavaScript, allowing users to filter data and view trends interactively. Integrated APIs to fetch live booking data and implemented dynamic charts for actionable insights.

CERTIFICATIONS

- Microsoft Azure Fundamentals
- AWS Cloud Foundation

ACHIEVEMENTS

- Qualified SAP State Hub Round (2025)
- Different Coding Platform

Codechef | Solved 1300+ programming problems with 400+ days streak badge.

Leetcode | Solved 250+ programming problems with 200+ days streak badge.

Geeks for Geeks | Solved 250+ programming problems with 200+ days streak.
